Some Opinions.

O. P. Morton: "There is gathered around the capital of this nation a gang of pirates, who thundered successfully at the doors until they have driven this Government into the most preposterous acts of bad faith and legalized robbery that ever oppressed a free nation since the dawn of history."

Thomas Jefferson: "I sincerly believe with you that banks are more dangerous than standing armies. Put down the banks, and if this country can not be carried through the longest war against her most powerful enemy without loading us with perpetual debt, I know nothing of my countrymen."

Salmon P. Chase: "My agency in procuring the passage of the National Bank Act was the greatest financial mistake of my life. It has built up a monopoly that affects every interest in the country. It should be repealed. But before this can be accomplished the people will be arrayed on one side and the banks on the other in a contest such as we have never seen in this country."

Abraham Lincoln: "Monarchy is sometimes hinted at as a possible refuge from the powers of the people. It would be scarcely justified were I to omit exercising a warning voice against returning to despotism. It is the effort to place capital above labor in the structure of the Government. I bid the laboring people beware of surrendering a power which they now possess, and when surrendered, their liberty will be lost."

We Dimand Equal Privileges for All.

The government furnishes money to National banks at 1 per cent., and forbids the banks to loan the money so furnished to farmers on real estate mortgages.

The government furnishes money on deposit to banking corporations without any interest at all, and the banks as just as free to use that money as any other deposits.

The government has furnished money to railroad companies, or provided a means by which they could obtain money at government expense.

The government furnished money to the Centennial Exposition without charging any interest.

The government furnished money to the New Orleans Exposition, or World's Fair, without charging any interest.

The government furnishes money to the whisky-makers, or provides a way by which they can obtain money, and charges no interest.

The government receives silver bullion, actually buys it, stores it and furnishes money upon it, or for it, to the owners.

The government receives gold bullion and furnishes money upon it.

The government receives its own bonds, the property of corporations, and furnishes money upon them.

The government stores whisky and provides a means, at public expense, by which the owner can get money upon it.

And even this does not end the list. But none of it comes within the reach of the farmer and laborer, hence the politician does not call it paternalism. Why does our government "for the people and by the people," do for one class what it is not willing to do for all.

Walden's Texas Business College, Austin and Fort Worth.

These are the great practical training schools of the south. Schools that all Texas look upon with pride. The course of study is in touch with the living demands of the age. They prepare young men and women for the active duties of life, giving them training in those things that make them independent and self-sustaining.

The curriculum, embraces a thorough and practical course in business training, Shorthand and Typewriting, Telegraphy and English. The methods are thorough, equipments complete, and with an investment of only $80.00 for board, tuition and stationery, a young gentleman or lady can secure an education that will be of lifetime benefit.

It is estimated that over 700 pupils will attend these popular schools this year. Look to your interest, and write for their beautifully illustrated catalogue.

Gen. Weaver Egged in Richmond.

RICHMOND, Va., Oct. 3.—Gens. Weaver and Field, third party candidates for president and vice president, and Mrs. Lease, addressed a large audience tonight at the old market hall composed mainly of democrats. A goodly number of ladies were present. A number of eggs of uncertain age made their appearance through the windows during the progress of the meeting.

Of No Use Now.

Nellie Fosdick: "Papa, you might as well take down the front gate and fence."

Fosdick pere: "Why daughter, you always have objected to their removal."

Nellie Fosdick: "Yes but the city authorities have hung an electric light right in front of the house,"—Judge.

Gov. Buchanan Assaulted.

NASHVILLE, Tenn., Oct. 4.—A disgraceful occurrence took place at Blountville where Gov. Buchanan was speaking in behalf of the people's party. Several toughs among the hearers not liking what he said, suddenly threw a lot of rotten eggs and tomatoes at the governor. The meeting broke up in disorder. The toughs would have assaulted the chief executive had it not been for the interference of officers.

The city of Selma in Alabama has 1,600 registeted voters. Of these 575 have certified that they voted for Kolb, and yet the official returns put the Democratic vote in Salem at 2,420. Here is a fine problem in arithmetic.

Paymaster Sullivan, of the United States navy, is under arrest at Norfork, Va., on charges of gross irregularities.

Wm. Rochester, of Maryville, Tenn., was arrested for stealing chickens and on his way to jail stabbed himself fatally.

It required a warring session of twelve hours, in which several fights were narrowly averted, to organize the South Carolina Republican convention. The convention is controlled by negroes.

Agnes Underwood, a young woman who murdered Alfred Brown, a printer, at Cattletsburg, W. Va., has been captured, attired in men's clothes.

At Johnson City, Tenn., Jesse Wolfe, a fifteen year old negro boy, was sentenced to thirty years in the penniteniary for attempting to outrage a young white girl.

Great Prosperity (?)

The old party papers have a great deal to say about the wonderful prosperity existing in the United States. Some classes prosper, as the following shows:

There are 30,000 millionaires in the United States.

There are 1000 millionaires in New York.

Seventy persons in the United States are worth $2,700,000,000.

Thirty-one thousand people own over half the wealth of the country.

One hundred persons in the United States own $3,000,000,000 of wealth.

Look at that picture of peace and prosperity, reader, and when you have fully realized its import kindly look at this:

There are 1,000,000 people out of work in the United States.

There are over 500,000 tramps.

Ten thousand children die annually in the United States from insufficient food or clothing.

There were 57,000 homeless children in the United States in 1880.

Out of 2,000,000 who inhabit New York City only 13,000 own homes.

The last census shows 9,000,000 mortgages in the United States, or one to every seventh inhabitant.

In New York 40,000 working women are so poorly paid that they must accept charity, sell their bodies or starve.

Dun's report for 1891 shows the failures for the year to be 1366 more than in 1890, being 12,273, with liabilities amounting to $189,000,000. Verily this is prosperity.

RACE TRACKS MUST GO

According to the Rev. Thomas Dixon—Worse than the Lottery.

NEW YORK, Oct. 2.—Before his regular sermon of the day the Rev. Thomas Dixon, Jr., delivered another of his characteristic talks. To-day his subject was the Garfield race track of which he said in part:

Garfield park in Chicago has for years openly defied the moral sentiment of the nation. It has been an open slaughter pen in which manhood, truth, decency and virtue were daily butchered. It was the favorite resort of the most desperate classes of the scum of the world. The people of Chicago were recently shocked at the foul murder of two policemen by a desperate gambler on those grounds and if the police of Chicago tolerate such a hellhole in their midst with the blood of the officers of the law, they should take down their statute in Haymarket square and confess that civic order has failed after all. Garfield track is typical of the race track of to-day. The whole dirty business is of the same piece. The conscience of this nation has outgrown the race track. It must go as the lottery has gone. The plain fact is that the lottery is a small evil compared with the races.

Money has no Intrinsic Value.

Attorney-General Akerman, in speaking of the legal tender act, said:

"We repeat money is not a substance, but an impression of legal authority—a printed legal decree."

"The theory of the intrinsic value of money has been abandoned by the best writers and speakers."—Encyclopedia Britannica.

Metallic money, while acting as coin, is identical with paper money, in respect to being destitute of intrinsic value.—North American Review.

An article is determined to be money by reason of the performance by it of certain functions, without regard to its form or substance.—Appleton's American Encyclopedia.

Metallic money, whilst acting as money, is identical with paper money, in respect to being destitute of value. Coin, so long as it circulates for the purpose of buying and selling, loses its intrinsic value. As commodities, gold and silver are capital, but as money they are mere representatives of value. — Charles Moran of France.

It is the legal tender stamp that makes money, not the material.

Date Fixed for the Sale of the East Line.

AUSTIN, Tex., Oct. 3.—The first matter of any moment in Judge Cochran's court was the petition of the bondholders for an order of sale of the East Line and Red River railway. The order was granted and the sale fixed for the 24th of next January and also an order was entered confirming the action of the receiver in widening the road and providing rolling stock under a contract authorized by Judge Key. The order authorizes the receiver to issue certificates for $400,000 to pay the contractor for widening the guage and providing the standard guage rolling stock. These certificates and about $100,000 of floating debt which has accrued mainly under Cross and Eddy, receivers, are in the order given prior lien to the bondholders. This ends up the East Line receivership next January and leaves the road with an additional 6 per cent debt of $400,000 which is represented by the widened track and additional rolling stock. Receiver Giles has run the road on a cash basis.

THE flopper continues to flop.

THE rotten egg campaign in Georgia, Tennessee and Virginia continues.

THE brass collar wont work this year, even when placed on a Clark neck.

UNFORTUNATELY for the people's party Dodger Quarrelsome Mills has gone out of the state.

THE Hogg-fellows are getting desperate, in other words they are getting too big for their pantaloons.

BRAVERY does not include brutality. Brutal officials are not needed in a civilized government.

THE Nugent procession is growing wonderfully. The Hogg adherents are fast deserting. Part going to Clark and the greater part to Nugent. On with the procession.

JUDGE NUGENT writes to the DEMOCRAT that he will probably reach McKinney in the near future, but is unable to make an appointment at present. He is being urged to visit every part of the state.

Only Blame Those Who Are Guilty.

If candidate Weaver tells the truth concerning the way he was treated by the people of Georgia, it is to be regretted by all conservative men in the south, because our own Col. Mills was well received in the north, and so was Dick Hubbard and others; and besides all this, it will cause good drmocrats in the north to go back on Cleveland. We are astonished at the conduct of those Georgia people.—Denton Monitor (Dem.)

The DEMOCRAT is not disposed to lay the blame at the door of the Georgia people. We believe that Weaver's mistreatment is the outgrowth of prejudice and hate that still dwells in the bosom of a few self-constituted. arrogant, narrow minded, intolerant, mean and unprincipled leaders, who insist that it is a crime to oppose their own notions and ideas.

HON. BEN TERRELL, John H. Copeland and General H. E. McCollough arrived on Friday's train. Mr. Terrell received a message from W. H. Crain, as follows:

CUERO, Tex.—To Ben Terrell, Esq.—In view of recent events I notify you that I don't intend to continue our joint debate.
W. H. CRAIN.

This was a great disappointment to our people who were anxious to hear the joint discussion.—Rockport Beacon.

We presume from the above that Terrell, the people's party candidate for congress is too much for Mr. Crain.

The people's party has been much abused for the graduated income tax theory by democrats, and yet the Hogg platform contains that very theory.

The State Bank plank in the Hogg platform is far inferior to the sub-treasury and we can prove it by good democrats.

THE Nashville Toiler publishes a complete vindication of Weaver's war record. Throw another egg.

COKE's speech in the senate the early part of this year, in which he denounced Cleveland as a gold bug is interesting reading just at this stage of the game.

The DEMOCRAT is the paper of the people judging from its increased circulation within the last four months.

A COPY of the special edition of the Cleburne Tribune is to hand. It is an able and neat piece of work which does honor to its community.

OLD "BLUSTER" Coke is calling everybody cranks who fail to agree with him. We hope our Hogg friends will get him to come to McKinney.

THE Dalton Gang entered Coffeyville, Kan., yesterday and robbed two banks. They were immediately attacked by officials and posse. Four of the gang and four citizens were killed. Only one of the gang escaped. Thus ends the career of the noted bandits.

Cakes Without Eggs.

Observing housekeepers quickly learn that Dr. Price's Cream Baking Powder is far superior to other brands in the fact that they never fail to make the finest pastry, and if they wish to be economical they can dispense entirely with eggs and can use a less quantity of butter for shortening purposes. The advantage is not alone in the saving effected but in avoiding the trouble and frequently the great difficulty of securing eggs that are fresh. This is often a serious trouble.

Cakes of various kinds from the informal Griddle Cakes to the stately Bride Cake can be made with Price's Cream Baking Powder, which insures light, sweet and handsome cakes; or when used for Griddle Cakes to be eaten hot enables their production in the shortest space of time, always tender and delicious.

Dr. Price's is the only Baking Powder that contains the white of eggs. None so pure! None so wholesome!

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.

Kirkpatrick and Greer.

Last Monday night we attended the joint discussion at Wilmeth school-house between E. W. Kirkpatrick and J. L. Greer. Mr, Greer opened in 45 minutes, during which he declared in favor of a uniform text book bill, an amendment to the criminal code whereby speedy trials could be had as a remedy against mobs. He thought the present regime of officials should be cut down one half as a step towards economy. He indorsed the Hogg platform and thought it democratic which includes the state bank and income tax planks.

E. W. Kirkpatrick answered in 45 minutes, in which he said that Capt. Greer was a nice gentleman but a little off in some things. He agreed with Capt. Greer in curtailing the number of officials and went him one better and declared in favor of curtailing salaries in proportions to the income of producers. He thought that salaries should be placed at a more moderate ratio so as to make the office seek the man. Mr. Kirkpatrick said that he had no axe to grind and stood squarely on the people's party platform, (especially that portion which Hogg failed to steal. —Ed.)

Capt. Greer replied in 15 minutes and made a vigorous attack on Weaver's war record and declared his opponent to be a flopper for office.

Mr. Kirkpatrick closed the argument in 15 minutes but could not retalliate for the attack on Weaver, for Cleveland was without a war record of any kind except that furnished by a substitute and which lies in obscurity. He told some other facts, however, on Cleveland which called forth applause, especially Cleveland's act in snubbing Miss Winnie Davis, thus insulting the southern people far more than brave Weaver.

Mr. Greer in answer to questions declared that he would vote for R. Q. Mills and Richard Coke.

To The Reform Press.

For the last month the republican and democratic daily papers have so grossly and maliciously misrepresented the people's party and their committees that I am compelled to issue this notice to our people. Between now and the November election you may look for anything in the way of false reports, deals and sell-outs of which they will accuse the people's party. They know that we have but a few daily papers, and they reach but a limited number of our people and our means to contradict their misrepresentations at best is only a feeble one. The last fake that was wired from here was that I received a telegram from Indianapolis to go there in haste, as there was a big deal on hands. I knew nothing about this until it was shown to me in print the next day. The whole story is a base lie and falsehood. I was invited to go to Indianapolis by H. Vincent, secretary of the state committee, to attend a meeting of the state committee, which I did, and they used this visit on which to base their false report.

I wish the people would bear in mind that I am just as unable to prevent the press from circulating these reports as Gen. Weaver was unable to secure free speech and decent treatment from the Democrats in Georgia. I regret to say that we have timid and weak hearted people in our ranks, whose minds are disturbed by these reports, and as I have neither time nor inclination to refer to this again, I want to say that I do not want to be held responsible for anything published unless it appears over my own signature. I do this to protect myself and warn our friends against anything that may be published between now and the November election.

H. E. TAUBENECK.

HERE THEY COME.

The Big Show and its Foreign Captives.

This year Sells Brother's amusement holiday for everybody within a radius of fifty miles of McKinney falls on Saturday Oct. 22 and the indications all point to such an influx and mustering of our stalwart country cousins, their good wives, sturdy sons and rosy-cheeked daughters, as was never seen on such an occasion before. For the glory and profit of their twenty-first annual amusement campaign, the Messrs. Sells have clearly made herculean efforts to provide any amount of everything to please all tastes, while carefully excluding everything in the shape of debauching and prurient so-called "spectacles," and aught calculated to injure the morals of the young offend a parent's sense of propriety and refinement.

The Big Show of the World will be presented here in more than the magnitude and perfection which, during the past winter months so entirely captivated Australia, and won the unqualified admiration of its press and people, for while abroad most notable additions were made to its attraction, by the purchase in Australia, the East Indes and elsewhere of many exceedingly rare and royal wild beasts, birds and reptiles. Conspicuous among them three truly tremendous Tigers, as big as cows, and any one of which could make a picnic lunch of any other heretofore exhibited; a whole drove of giant Kangaroos of varied hue, a flock of splendid full-grown and baby Emus, prodigeous constricting serpents, odd apes and gorgeously plumaged, language-gifted birds. To the other novel and varied atractions of the show we need not again make special reference. They are duly and fairly set forth in the flood of advertisements, and constitute a grand and wholesome exhibit which cannot fail to universally please and profit.

The Messrs. Sells wish it distinctly and finally understood that their great show is not divided, never was and never will be, but is always and everywhere fully, fairly and squarely presented. They do not pamper New York City and starve the rest of the land with a cut-down inferior exhibition. On the contrary they employ for the entire season the great artists which others can only afford to engage for a few days' metropolitan appearance, and, consequently, give the most expensive, brilliant and complete performances of all.

A fine attraction is coming to the Opera House next Tuesday Oct. 11th Leslie Davis, New York Company—in the spectuctular drama, Faust and Marguerite. This company is one of the best on the road, and this play is one intensely interesting from beginning to close. The McPherson, Kan, Republican, has this to say:

FAUST AND MARGUERITE.

"A full house witnessed the production of this famous drama last night. The audience was delighted and gave the strictest attention during the entire play. Faust and Marguerite are first-class actors and are supported by a good corps of actors. The many dazzling sights accompanying the production of Faust and Marguerite are wonderful to behold, raining fire on the stage, sudden appearances of the most dazzling hues, set out with costumes to suit the effect produced, makes a lasting impression on the minds of the beholder. Such plays as that of last night are appreciated by the people of McPherson and they will always give them a good house.

The stage setting was the most beautiful and elaborate ever seen in the city. The electrical effects were grand. This is no doubt the best and strongest drama ever presented to the people of McPherson."

Reserved seats on sale at Coleman's store.

To Teachers.

The 21st of October being a legal holiday, it will be impracticable to have the teachers' examination on the 21st and 22d as heretofore announced, hence the date is hereby changed to Oct. 14th and 15th, 1892.

Died

Mrs. Mary Jane Nevins at the home of Mr. Thomas Recer in this city at 8:20 o'clock Tuesday, Oct. 4th. Mrs. Nevins was an aged widow lady who had been sick about two weeks.

She came to Collin county about 16 years ago from Park county, Indiana. For several years she has lived alone in McKinney, having no relatives to look after her interest. During her last days she was under the protecting care of Thomas Recer and his noble family, together with the aid of other good neighbors.

Thus, far away from her native heath and those who were related to her, Mrs. Nevins entered the doors of the mysterious future leaving behind a world of trouble.

She was buried at the O'Brien cemetery, about three miles north-west of McKinney.

At the Clark Club Meeting.

The Clark club meeting was well attended last Thursday night. J. A. Evans, president, in the chair. Strong resolutions condemning the action of the local Hogg club in the "reading out" process, were unanimously adopted. H. C. Mack, in speaking in defense of the resolutions, scored the opposition in a lively manner. He said that John H. Bingham was once a greenbacker and scratched a democratic ticket; that G. R. Smith was a republican before he (Smith) came to Texas; that H. L. Davis was once a mugwump and signed a certain mugwump document; that Judge Abernathy ran for county attorney once in Collin county on his own merits and only got about 150 votes in the county and that now all these young fellows were trying to chase the old gray headed fellows out of the party, including Hon. J. W. Throckmorton and others.

Friends of Reform in Collin County.

The campaign of the people's party in Collin county up to the present has been conducted by individual sacrifice. Very little money has been received to pay the legitimate expenses of the campaign. Notwithstanding, all this, our growth has been wonderful. The campaign committee of the county finds itself without the necessary funds to finish the work. They have taken the responsibility to engage the best of speakers to be with us during the remainding few weeks, and now they ask that each community raise a small amount at once, and report the same at the DEMOCRAT office, when the chairman of said committee will duly receipt for same. It will take at least $250 to finish the work.

Those who have subscribed will please send in the amount at once.

Clark or Hogg.

On Friday night last the Hogg democratic club of Plano met and adopted the following resolutions:

To Hon. J. Q. Fouche, Chairman Democratic Club:

Your committee on resolutions beg leave to report the following:

Resolved, 1st. That we renew our allegiance and devotion to the time-honored principles of the Democratic party and promise to use all laudible efforts to maintain them.

2nd. That we cheerfully endorse the National Democratic ticket headed by Grover Cleveland and the State ticket headed by Gov. J. S. Hogg, together with all the nominees of the democratic party, district county and precinct, and urge upon all democrats the necessity of uniting in every legitimate effort to secure the election of the same, thereby maintaining democratic organization, which is essential to the promotion of the grand principles of our party.

3rd. That we demand of each of the nominees for county and district offices an expression as to whether or not they support the full democratic ticket, and if answered in the negative by any, that we demand their resignation at once, in order that their places may be filled by true and loyal democrats.

J. P. COFFEY; Chairman.

Report was received and adopted.

Motion carried that copies of these minutes be furnished to county papers and Dallas News.

Adjourned to meet Saturday, Oct. 8th, 1892.

J. Q. FOUCHE, Chairman.
R. H. Coleman, Secrerary.

R. W. Coleman.

The Rustler is here to give the news, and by request, we publish a list of appointments for Mr. R. W. Coleman of San Antonio, people's party speaker. He speaks at Wylie, Monday night, Oct. 17th. While the Rustler editor differs with Mr. Coleman politically, we know him to be a gentleman of ability, and a hard worker for his party. We met Mr. Coleman in San Antonio in April. Citizens give him a good hearing.—Wylie Rustler.

Friend Perkins, of the Rustler, is a fair newspaper gentleman and we gladly give him credit for the same.

The writer was in company with Bro. Perkins at the editorial convention at San Antonio last April where Mr. Coleman addressed the convention. The Rustler will bear us out that Mr. Coleman won the confidence and respect of all who heard his eloquent and able remarks.

We will have a street sprinkler soon, as a collection is being made for that purpose. We believe the city should furnish a sprinkler and make property holders pay equally for the benefit. There are always a few rich fellows who sit idly by and enjoy the enterprise of others.

A reported outbreak of cholera at Helmetta, N. J., created much excitement in that vicinity. F. Davis, Silver Creek, Neb., by using four bottles of Dr. Miles' New Heart cure, was completely cured after twelve years suffering from Heart Disease. Should not voters of all parties place the stamp of condemnation on the unlawful method of a County Judge turning over his fees of office which under the law are his legal compensation, to the county, and paying himself out of the county treasury? This is a violation of law which we think has never been committed by any other official in Collin County.

A Cure for Twenty Cents.

Any remedy sold at one dollar a bottle which claims to cure Rheumatism, is simply an imposition, for when all expenses are deducted it leaves not more than twenty cents to represent the medicine. Dr. Drummond's Lightning Remedy, which is performing such wonderful cures that it is being prescribed by the medical faculty everywhere, is compounded at great expense from rare drugs and CANNOT be sold for less than Five Dollars a bottle. But it always cures. Sent prepaid to any address by prepaid express on receipt of price. Drummond Medicine Co, 48-50 Maiden Lane, New York. Agents Wanted.

I have tried it and know.—W. H. Clinton, Helmetta, N. J. The epidemic at Helmetta was at first believed to be cholera, but subsequent investigation proved it to be a violent form of dysentery, almost as dangerous as cholera. FINANCIALLLY EMBARRASSED.

A large manufacturer, whose affairs were very much embarrassed, and who was overworked and broken down with nervous exhaustion, went to a celebrated specialist. He was told that the only thing needed was to be relieved of care and worry, and have a change of thought. We are glad to note that since our exposure of the illegal manner in which the County Judge is now being salaried out of the people's pockets many democrats not before aware of suce a state of things, have expressed a determination not to support the present incumbent. It is pretty certain that there are enough voters in Collin county who favor honest and good government who will not endorse this public wrong and who will leave Mr. Abernathy severely alone on the 8th of November to insure his defeat.

BLOODY SET-TO.

KYLE, Tex., Oct. 2.—Last night at a Mexican fandango four miles from here a row was raised between a young white man named Tom Partis and a Mexican, which finally grew into a small battle. There were several Americans present and when the row started they all took part. After the smoke of battle had cleared away it was found that Tom Partis, the white man, was dead, having been both stabbed and shot. There were also two dead Mexicans and another wounded so bad that he will die.

Leg. p. 29.)

(Act. Aug. 23rd 1876, 15th Leg. p. 306.)

(ART. 1673 R. S.) JUDGES AND CLERKS APPOINTED, ETC.

The presiding officer of each election precinct shall, on or before the day of election, select from among the qualified voters of the precinct, two judges and two clerks, such election to be made from the different political parties, if demanded, as far as practicable, and there be present a sufficient number of the party making such demand who are willing and competent to serve in such position. That each presiding judge, before balloting begins, shall designate two of said judges to be counting judges, and such presiding judge and said remaining judge shall be the receiving judges, of election, and said presiding judge shall designate two of said clerks to be receiving clerks and two of said clerks to be canvassing clerks of said election. The said receiving clerks shall keep the poll lists and the said canvassing clerks shall keep the tally lists now provided for by law. (Act. Mar. 14; July 4th, 1887, 20 Leg. p. 21.)

WOMAN!

WOMAN is a marvelous creature. In her we have the most complex, most perfect, most beautiful work of God.

Her nature is cast in a more perfect mould than man's. It contains a larger proportion of the finer elements that link the race to a higher and better destiny.

She embodies in the most perfect degree the graces of modesty, patience, gratitude and devotion. These attributes have won for her, under the benign spirit of the Gospel of Christ, that exalted social position for which her Creator intended her.

Perfect as in her moral nature, it is no more admirable than the physical structure that holds it.

This intricate piece of mechanism, so finely balanced, so graceful, so compact of texture, so perfect in every detail, excites our wonder and awakens our admiration more and more, as we become aware of its completeness.

The Almighty created woman for a high and holy mission. He implanted in her a separate system of organic life, and prescribed duties for her to perform. To perfect His design and better enable her to fulfill her sacred trust, He blended the nobler attributes of mind with perfection of form. These qualities were made sympathetic. The perfection of one depends on the other. The weakness of one affects them all, and an injury to one throws the entire machinery of her multiple nature out of its intended balance.

The original mental and physical harmony of woman has not been maintained. While she has developed intellectually, expanded socially and advanced morally, she has sadly degenerated physically.

Therefore we have prepared and put upon the market

GEORGIA SENSATION.

NEW YORK, Oct. 2.—A special to the World from Cordele, Ga., says:

The embalmed body of a man upright in a glass-faced metalic coffin holding a gold-headed cane in his hand and with a profusion of diamonds and other jewelry decorates the parlor of Mrs. George W. Marvin's handsome residence in this town. The body is that of her husband, who died on the 10th of last July. Dr. Marvin was the wealthiest man in Cordele. He was president of a bank and worth over $200,000. Dr. Marvin and wife, who are infidels, made a solemn compact before his death, agreeing that they would both enter oblivion as near the same time as could be easily arranged by the means of suicide. When the doctor died his body was followed to the grave by all the people of the town.

Four days after the burial in the darkness of night there was another funeral procession, but no carriage followed the hearse and no one on foot accompanied the dead, except those who helped dig the earth from above the coffin and bear the corpse back to the place from which the procession started. Indeed only a few trusted friends went to the cemetery and brought back the body. The next morning the embalmer arrived from New Orleans and embalmed the body. Mrs. Marvin refuses to separate the jewelry and the remains of her husband. To bury him in the cemetery she fears the body would be exhumed and the jewels stolen. Therefore the body is kept in the parlor of her house, and will stay there until she decides some sort of safe tomb for the remains of herself and husband. When such is prepared, by her own hands, she says, she will join him.

Pungent Princeton Paragraphs.

PRINCETON, Tex., Oct. 3, '92.

Editor Democrat:

Thinking that the many readers of your valuable paper would think that the town of Princeton and its inhabitants, had disappeared forever from the face of the earth, we will endeavor to speak a few words of praise for this flourishing little city.

The health of this place is pretty good just now, with the exception of the P. M's. little baby, who has been quite sick.

The improvement in health ought to be general now for we have another Dr. (Dr. T. G. Boorman) who has located here and will occupy the residence formerly owned by Mr. Sneed. We sincerely hope that he and Dr. Davis will render the town all the medical services that are necessary.

This place bids fair to be quite a city some day and when that day arrives we will let the DEMOCRAT know all about it if our pen don't wear out before then.

Our enterprising young merchant, Mr. Sneed, has moved to McKinney, and launched his financial bark on the wide sea of untried and unknown fortune. Let us hope that success will crown all of his laudible undertakings.

Upon our last visit to the town we noticed a new building near the "Union Depot" and have been trying ever since to determine whether it was an "electric plant" or an "ice factory." Judging from the past few days we guess the good people would rather have the latter.

The rustle of street cars will soon be heard and the flashing electric lights will be chasing the festive mosquito to darker regions, while the croaking frogs will hie away to some pond in the forest where the bustle and noise of this city will not disturb their quietude. Talk of flourishing cities but nothing can beat the town of Princeton, and if you don't believe me, just take a trip to the place and use a good telescope and the view will be grand indeed.

Princeton is a booming town,
No one could wish a greater,
For every man is half a horse
And half an aligator.

THE New CANTON STALK CUTTER
We were the first manufacturers to introduce STALK CUTTERS, and have kept abreast of the times with modern IMPROVEMENTS. They are a valuable implement, preparing the ground for plowing, and leaving that to be turned under which ENRICHES THE SOIL. The CANTON has Spring on front end, connecting with lever, thus relieving the jerking motion from horses' necks, also giving knives a striking motion. This excellent feature is found only in the CANTON. It has HIGHEST METAL WHEELS, insuring LIGHTEST DRAFT. No Axle through centre or Reel to clog up with trash. Made with 8 Knives, so as to cut stalks short. Others have the same number of knives, but they are not properly proportioned, therefore cut the stalks same length as our 5 Knife. BE LOOK OUT FOR TRICKS. Other points of excellence given in circular, mailed free to any address.
